## ABOUT US

Concord Aviation L.L.C is a UAE based aviation company located in the emirate of Dubai having commenced its operations since 2017.

The entity is supported and promoted by Concord Group, a business conglomerate based in Dubai- UAE and having diversified business activities namely Shipping & logistics, Oil and Gas, Petroleum, Petrochemicals, Pharmaceuticals, Aviation, Agro products, Health care, etc. The Group maintains a robust global presence with its roots established in the countries like India, United Arab Emirates, North Africa and Germany.

Since 2014, Concord Group is widely involved in the aviation business and operated its activities through its own trading division in Dubai. The group company has offered its services to a number of operators, MROs and other suppliers.

Concord Aviation LLC started with its main line of business involving procurement and supply of Commercial Aircraft & Helicopter spare parts, Aviation Tyres and other Commercial Aviation products, Product support, Parts Exchange and Maintenance, Repair & Overhauling (MRO) of Aviation parts, Consumables and Ground Support Equipment & Aircraft Leasing. Our targeted segments are Commercial and Private Fixed wings Aircrafts and Rotor wing Aircrafts.

We are focussed to expand our horizons and strengthen our foothold in the GCC, Middle East, India and African markets. Concord Aviation LLC is geared to undertake the most demanding requests by providing cost effective, high quality and reliable spare parts & aviation materials to the aviation industry.

We provide access to thousands of different aircraft and helicopter parts for immediate delivery from our stock and also from the OEM, PMA and approved distributors globally. Our supply range includes wheels, brakes, tyres, components, avionics, LRU's, emergency equipment (PBEs & Life Jackets), filters (elements & filter kits), lamps, seals and packings to rivets, fasteners, bolts, washers, nuts, sheet metals, lubricants, adhesives, tapes, cleaners, fluids and aviation chemicals.

Our endeavour is to create a distinctive and engaging work environment that promotes long-term commitment and contentment of our employees, customers and suppliers. Despite increasing stringent regulations and controls within the aviation industry, our customers trust our infrastructure and ability to meet such challenges and provide extraordinary services. Our success is driven by our professional experience and technical expertise and most importantly our relationship with our associates. We are ever committed to our fundamental motto of providing prompt and efficient service to our customers and to be the most preferred one-stop Aviation partner.
